

## Experience

**General Assembly**, Denver, CO, Remote, Nov 2020 - present

### Lead Instructor

- Provided technical mentorship and lectures to 30 or more students throughout the program on beginner and intermediate topics in software engineering and team-based engineering best practices
- Reviewed class and student more than 50 records to look for areas in need of improvement and implement plans of action.
- Implemented practice exercises and used repetition, which enabled students to grasp new concepts quickly. Increasing the student success by 15%
- Chose optimum curriculum for each class and devised creative daily lesson plans to meet requirements and needs of different learners

**General Assembly**, Denver, CO, Remote, Sep 2020 – Nov 2020

### Associate Instructor

- Assisted teachers with classroom management and document coordination to maintain positive learning environment. Increasing classroom productivity by 10%
- Supported student learning objectives through personalized and small group assistance. Increasing the student success by 10%
- Supported classroom activities, including tutoring, grading homework and reviewing exams. Increasing the productivity by 10%
- Assessed student assignments to check quality and completeness before submission for grading. Increasing the student success by 15%

**General Assembly**, San Francisco, CA, Feb 1, 2020 – Sep 1, 2020

### Teaching Assistant

- Couched and assisted more than 30 students individually or in groups to help them master assignments and reinforce learning concepts presented by teachers
- Assisted more than 30 students with a variety of special needs and make positive contributions optimizing learner engagement
- Recorded grades for coursework and tests in online reporting system

**Bopsidy**, San Francisco, CA, Feb 2020 – Apr 2020

### Front-End Software Engineer

- Managed full-cycle design tasks, handling all phases from conception to completion while maintaining guidelines throughout. Increasing the projects performance by 10%
- Orchestrated efficient large-scale software deployments, including testing features and correcting code. Reducing the error by 5%
- Collaborated with stakeholders during development processes to confirm creative proposals and design best practices
- Developed designs to meet specific requirements such as quick-loading sites with particular layouts

**Dor Technologies**, San Francisco, CA, Jun 2019 – Jul 2020

### Data Labeling Specialist

- Evaluated and analyzed the data to create quantitative conclusions to average daily number of visitors
- Communicated with the data engineer to promote fluidity and consistency within the software, Increasing the software performance by 30%

**Dance Mission Theater**, San Francisco, CA, Apr 2014 – Jul 2018

### Company Dancer

- Choreographed solo, duo and group performances for contemporary dance company. Increasing the show sales by 20%.
- Led more than 100 rehearsals for company seasons

## Skills

### Language:

- Spanish: Native Language
- English: Fluent

### Software/ Programing:

- React
- Redux
- JavaScript
- NodeJS
- Express
- MongoDB
- PostgreSQL
- HTML/CSS
- SASS/SCSS
- jQuery
- Python
- Django
- MVC
- REST

### Version Control & Workflow:

- Git/GitHub
- Slack

## Education

- **General Assembly, Software Engineering**, San Francisco, CA, 2019
- **Jose Maria Heredia, B.S in Dance**, 2002 – 2008
